

Autism funding launch events

Come along and join us to hear more information on the **NEW FUNDING** available to set up projects that will help children and adults on the Autistic Spectrum, their carers and families.

We are running 'drop-in' sessions at the venues listed for people to pop along for an **informal discussion** about the process and the information required.

We would love to hear your thoughts on the matter; where you feel the gaps in the current offer are and your ideas about how to improve it.
