

Reasons for a Distinction award as outlined by your validator:

- Leadership in the subject is outstanding and well supported by the visionary leadership of the head teacher who shares the passion for PE, SS and PA, which is evident throughout the school.
- The curriculum is fully inclusive with all pupils making excellent progress according to their abilities/communication skills etc; this is very significant because the range of abilities are very wide and far reaching. There is excellent support in each class from the teaching assistants so pupils are provided with effective support.
- The thematic curriculum is well developed and supported in PE which impacts across the school.
- The school provides an extensive extra-curricular programme and pupils and parents are given a lot of support in terms of enabling pupils to access activities outside school in the wider community.
- PE, SS and PA are used very effectively to develop wider skills of confidence, self esteem, co-operation, leadership, team work etc. This gives the pupils a wealth of experience.
- The pupils I spoke to were full of enthusiasm for everything they do in PE, SS and PA and were able to articulate very well - why!
