5 spaces available per workshop

Bookings for the workshops will close
a few days before if takes place

Has your child been worrying more since the COVID outbreak? As a parent/carer would you like to learn some strategies to help them manage their emotional wellbeing?

If so, Healthy Minds are offering online workshops for parents via WebEx that may be useful for you. The workshops have been designed to give parents an overview of emotional well-being, worries and the positive and negative effects of change. We will be sharing evidence based strategies and give you some tools that you can use with your child within the home environment to help them manage their worries.

This workshop is for parents/carers—children are not expected to attend

Free to attend!
