Dear Parents /Carers

We are offering the Earlybird Plus family training course during the Spring Term 2018 - this is an excellent way of improving your understanding of your child's autism and discussing strategies to support them at home and school. It is offered to families with a child on the Autistic Spectrum, aged 4 - 8 years old at the start of the course.

Meetings will take place on Monday mornings 9.30 - 12.00, starting on Monday 8th January 2018. (Please see enclosed sheet with dates.) All meetings will be held at Gosberton House Academy.

Each family has 2 family places allocated - these can be mum and dad, or parent and a close family member eg grandparent / aunt / uncle or parent and friend. If you attend the course there is also a place for a member of staff, from the school that your child attends, to also attend the training - this is very valuable in sharing home / school understanding of your child.

Please consider taking up the opportunity of this training - families who have attended training in the past have commented on how much more confident they feel, how much they enjoyed meeting and sharing experiences with other families and improvements in home / school support.

Places on the programme will be limited to 6 families. Please complete and return the enclosed application form if you would like a place on this programme. If you have any queries please do not hesitate to contact me.

Yours sincerely

Sharon Oldfield
National Autistic Society EarlyBird Plus Licensed Trainer
